Your Confidential Access Code #

<<access code>>

Using your confidential access code, you may complete the survey from any Internet location
April 3 – 28, 2017 at www.tellarizona.org

Dear Arizona Educator,

As educators, our commitment to providing all children with a high quality education remains steadfast. Research from across the country shows that positive teaching and learning conditions are essential for student success and educator retention and that educators' own voices provide critical feedback on whether those conditions exist. That is why we are urging every school-based, certificated educator to complete the **TELL Arizona** (Teaching, Empowering, Leading, and Learning) survey. Every school-based, certificated educator has the *unique* opportunity to provide valuable input on key education issues that support school improvement planning. The survey will be available online at www.tellarizona.org starting April 3, 2017 and ending April 28, 2017. You should be able to complete the survey in 20 to 30 minutes and we have worked with your principal to make sure you will have time to complete it during a staff meeting within the survey window. Our goal is to get 100% participation.

The survey is completely **confidential and anonymous!** Your access code (shown in the gray box) ensures that each educator takes the survey only once and that we correctly identify your **school**. It can NOT be used to identify you as an individual.

If you have questions or concerns, please e-mail the TELL Survey help desk at helpdesk@tellarizona.org **OR** call toll-free at **1-866-301-2454 EXT. 30** Monday through Friday between 7:30 AM and 4:30 PM local time **OR** access instant help from the website www.tellarizona.org.

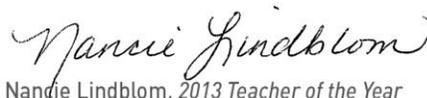

The 2017 survey data will be used for collaborative problem solving and school improvement and to improve your school's climate. Individual school results will be made available over the summer after the survey closes, only if enough educators participate -- **at least 50 percent of licensed educators in the building** and at least five respondents. Please encourage your colleagues to participate in the survey. You can track the response rate (not answers) in your school in real-time on the survey website.

Thank you for your participation and your ongoing work to support children, families, and communities.

Sincerely,

Joy Weiss, 2010 Teacher of the Year

Nancie Lindblom, 2013 Teacher of the Year

Christine Marsh, 2016 Teacher of the Year

Kristie Martorelli, 2012 Teacher of the Year

Beth Maloney, 2014 Teacher of the Year

Michelle Doherty, 2017 Teacher of the Year

John David Bowman, 2015 Teacher of the Year
